

Hi LaShon,

Recently, LinkedIn reached a new milestone: 200 million members. But this isn't just our achievement to celebrate — it's also yours.

I want to personally thank you for being part of our community. Your journey is part of our journey, and we're delighted and humbled when we hear stories of how our members are using LinkedIn to connect, learn, and find opportunity.

All of us come to work each day focused on our shared mission of connecting the world's professionals to make them more productive and successful. We're excited to show you what's next.

With sincere thanks,

A handwritten signature in black ink that reads "Deep Nishar". The signature is stylized and includes a small flourish at the end.
